Chava Sternberg

Devorah Leah Loewenthal

Baila Raitport

Chaya Perlstein

Bnos Chabad Update!

Wow! What a Kislev we had! Our theme this month was ZoomOut Chassidus, discovering the many layers of Chassidus and how it changes the way we think and act - preparing us for our Rosh Hashana L'Chassidus. We created musical instruments for Rosh Chodesh, followed by a smashing awesome Melave Malka just a few days later! Shlucha Spotlight's and Big-Little Sister has finally begun, and special lunches with Rivky took place. Yud Daled Kislev found us waking up early in the morning and farbrenging all night - joined by different guest speakers and making beautiful CD case photo frames! The grand highlight of the month was Yud Tes Kislev. We played the coolest games like Trivia Crack and LubabLab - discovering the make-up of a chossid. We had special Shlucha Mommies come to tell us stories and we concluded with writing Panim to the Rebbe. Meanwhile, G7 and G8 had a dramatic crossfire - playing stump-the-rabbi in 60 seconds flat! All month long we've been tested on lines in Perek Lamed Beis, completed Ahavas Yisroel missions, added Chayus to our davening and Mitzvos, watched videos of the Rebbe - and we just can't wait to find out who's going to win the candy of the month - a yum jawbreaker! Getting geared up for some #ChanukahChallenges!
